

**Print off the following pages of this document
to make 4 sets of a "Rubbings Pack"**

- Cut each slip of paper into 4 sections by cutting along the dotted aligns
- Assemble question packs by stapling a "Rubbings" sheet on top of 5 blank sheets
- Print off more copies of this document until you have one rubbings pack for each pupil

RUBBINGS

Use the pages of this book and crayons or pencils to take rubbings of five interesting surface textures and patterns on and around the building.

What different materials are used on the building? Why have they been chosen? Is it to make it look nice? To protect against weather? What do the materials tell us about when the building was built?
